Remarks.

LOCATION.

The Seminary is situated on a lot of seven acres lying on North Street. The grounds, tastefully ornamented, afford ample opportunity for exercise, and render this a delightful retreat for those desiring an education.

Raleigh, as regards healthfulness, accessibility and opportunities for improvement, presents to students advantages to be found nowhere else in this State. The Sessions are so arranged that young ladies from unhealthy sections are here during the entire sickly season.

COURSE OF STUDY.

To be entitled to a Diploma, a young lady must have completed the Course; but if she complete only the English studies, she shall be entitled to an Honorary Certificate. In addition to Latin and French, Greek and German, though not in the regular Course, are taught. The latter language is taught by a German lady of thorough education. Special attention is given to English.

MUSIC.

This Department is under the control of Prof. F. A. Bohlmann, well known as one of the most successful teachers in the State. His Assistant is a lady thoroughly conversant with both Piano and Guitar music.

The Seminary is provided with two Organs, one for Chapel services, the other for teaching purposes. The latter is a handsome instrument of two banks of keys and pedal key-board full scale—twenty-seven notes.

ORNAMENTAL BRANCHES.

This Department receives the attention which its importance demands. It is in charge of Miss Ella P. Williams, who has just returned from New York, where she has for the last year been under the instruction of the best masters in this Department.

GEOLOGICAL CABINET.

Several hundred Geological Specimens have been kindly presented to the School by its friends, and the Principal designs enlarging the Cabinet as rapidly as possible.

LITERARY SOCIETY.

The Clio Society, formerly connected with Oxford Female College, have presented to a Society here of the same name, its Hall furniture and select library of one thousand volumes.

DISCIPLINE.

The discipline, though mild, is firm. Good recitations and lady-like deportment are *required* of all.

REPORTS.

Every student residing in the City is provided with a School Diary, in which at the close of each week her average standing in her classes is marked. The Diary is then taken to parents for inspection. Quarterly reports are sent to parents of boarding pupils.

EXAMINATIONS.

These are held at the close of each Session, and are designed to be an incentive to study and a test of progress made.

BOARDERS IN THE SEMINARY

Are regarded as members of the Principal's family, and are made as comfortable as possible.

In cases of sickness, the best medical skill of the City is procured; and in cases of dangerous illness parents are promptly notified.

They are required to devote a part of each day to the preparation of lessons, under the supervision of one of the teachers; to walk an hour daily for exercise; to retire and rise promptly at a given hour; to keep their rooms neat and orderly; and to attend Sunday School and Divine services in the morning in the churches, which their parents may designate. They are not allowed to receive the attentions of young men; to go on the streets unaccompanied by one of the teachers; or ever to leave the Seminary without permission of the Principal.

UNIFORM.

To repress extravagance in dress, all the boarders will be required to wear a cheap but neat uniform. For summer, two dresses—one of white jaconet, at twenty-five cents per yard, the other of grey leno, at thirty cents. For winter, one dress of brown alpaca, at thirty-five cents. If those who assist in the public Concerts *need* new dresses, they will not be allowed to buy material costing more than the above.

As most young ladies have already procured their summer outfit, this regulation will take effect in the Fall.

SESSIONS.

The Scholastic year consists of two Terms of twenty weeks each. The Fifth Session will open on Monday, July 29, 1872, and close December 13.

INFORMATION.

1. Boarders will provide themselves with towels, one pair of sheets, and one pair of pillow cases.
2. Funds for current expenses should be deposited with the Principal, or some known friend in Raleigh.
3. Text-books will be furnished at reduced rates, provided funds be deposited with the Principal.
4. Students are not allowed to open accounts at the stores without permission from Parents or Guardians.
5. Students should be present on the first day of the session.

TERMS PER SESSION OF TWENTY WEEKS:

Payable one half in advance, the remainder at the middle of Session.

MR. JAMES PIRSSON:

SIR:—The Piano which I purchased from you in September, 1870, is a very superior one. It has been frequently tested by competent judges, all of whom give unequivocal testimony to its excellence. I could not ask for a better instrument.

Very Respectfully,

W. G. SIMMONS.

RALEIGH, March 17th, 1871.

MR. JAMES PIRSSON:

Dear Sir:—It affords me great pleasure to speak of the real merits and excellence of your Pianos. I have used one of your instruments in my music room ever since last August, 1870, and candour compels me to say that I do not know of another make which I should prefer to your Pianos. The instrument keeps remarkably well in tune, and not a string has been broken. Hoping that the demand for your Pianos will never cease, I am yours most Respectfully,

F. A. BOHLMANN,

Professor of Music at Raleigh Female Seminary, Raleigh, N. C.

I endorse the above.

F. P. HOBGOOD, Principal.

WARRENTON, N. C., August 24th, 1870.

MR. JAMES PIRSSON:

Dear Sir:—I take sincere pleasure in testifying to the excellency of the Piano which you have recently sold to Rev. Dr. T. M. Jones, President of Warrenton Female College. The above instrument is in my recitation rooms, and I can safely say that it would be a difficult matter to find a Piano that combined equality of touch, purity, clearness and power of tone, and general finish in construction, to the same extent as the above one from your house, the Great Union Piano Forte Manufactory. Wishing you much success in distributing these fine Instruments,

I am very Respectfully,

F. J. HAHR,

Prof. of Music at Warrenton Female College.

I heartily endorse the above statement of Prof. F. J. Hahr, in whose judgment of good Pianos I have entire confidence. T. M. JONES.

Unsectional School-Books.

The freshest series of Text-Books published—containing the latest results of discovery and scientific research.

Officially adopted by the Virginia and Georgia State Boards of Education,

AND NOW LARGELY IN USE IN

EVERY SOUTHERN STATE.

The University Publishing Co.,

An Association composed of many of the most eminent citizens of the several Southern States, feeling the necessity for a series of School-Books which should be entirely *unsectional*, *unpartisan*, and *unpolitical*—which should present only the *facts* of history and science—are now issuing a complete series of School and College Text-Books by the eminent scholars and educators named below, which are the

Cheapest, Best, and Most Beautiful School-Books

Now published. The "University Series" embraces

MAURY'S GEOGRAPHICAL SERIES,

By Commodore M. F. Maury, of the Virginia Military Institute. A series of books which mark an era in the study of this science, and which, in the words of a well known and accomplished Southern teacher, "are characterized by a felicity of arrangement and simple freshness of style which must ever render them attractive to the young, and which will be used by all who wish to teach geography as a *science*, as something to make pupils *think*, and not merely as an enumeration of dry facts."

Holmes' Readers and Spellers,

By George F. Holmes, LL.D., Professor of History and General Literature in the University of Virginia. A series of Readers unequalled in cheapness, excellence, and typographical beauty. They are steadily progressive in character, bright and fresh in their selections of prose and verse, and illustrative of Southern scenes, incidents, and history.

Venable's Arithmetical Series,

By Charles S. Venable, LL.D, Professor of Mathematics in the University of Virginia. These books are received everywhere by intelligent teachers with the highest satisfaction, as being most admirably adapted for mental drill, as well as for business education. Their methods, rules, and reasonings are clear, distinct, logical, and comprehensive, and the series is carefully graded throughout.

Holmes' History of the United States,

By George F. Holmes, LL.D., of the University of Virginia. It is enough to say of this admirable work, interesting, impartial, and truthful, as well as pure and graceful in style, that it is the *only* History of the United States which is *strictly unpartisan*. It comes down to the present date. Also,

De Vere's French Grammar, Readers, etc.,
Gildersleeve's Latin Series,
Carter's Elements of General History,
Holmes' English Grammars,
Le Conte's Scientific Series,
Johnston's English Classics,
Duntonian Writing-Books, etc., etc.
